Computational and Algorithmic Thinking Competition (CAT)

In Term One 35 O’Loughlin students participated in the Computational and Algorithmic Thinking Competition (CAT) which this year was done online.

Each of the students should be commended on their effort as the questions were very challenging.

Special mention goes to...

**Distinction winners:**
- Michael Fagan
- Nicholas Routledge

**Credit awardees:**
- Michael Bourke
- Samuel Dixon
- Donatella Coccetti
- Kevin Tomy
- Matt Ellison
- Gianluca Coccetti
- Matthew Miller.
