Year 10 Retreat

Last month, Year 10 enjoyed their Retreat experience with the travelling National Evangelisation Team (NET). It was a fun filled, thoughtful and reflective day on the theme of sexuality. Through games, talks, discussion groups and dramas; students were led to explore the possibility of ‘God’s Plan’ for our sexuality. This means how we can be the best young man or woman we can be, living with integrity and goodness for ourselves and others.

We thank NET for coming to Darwin to be with us on this and other days this year. They spread the good news of God’s love for each one of us – everywhere they go!!
