A few weeks ago, the Year 7’s attended a Retreat which was run by some Year 11 students. It was a great way to get to know each other better, build more friendships and reflect on not only the year but also ourselves as well.

The Year 11 students did an excellent job running this Retreat. They planned the whole day which included exciting and fun games and performed drama performances to us which was really meaningful and entertaining. In small groups, they asked us questions about our experiences and they were really friendly which made us feel happy to share personal experiences around them.

We had a special visitor visit us to share her inspiring experience about when she was a child and became really sick and how God helped her get through her troubles. Her lesson and talk taught us how to be better people and turn to God for help if we are having trouble. That is something that we all got out of this day.

My favourite part of the day was being involved in team building activities and when we all started singing and dancing to the song ‘My Lighthouse’ and dancing to many other songs like ‘Cha-cha slide’ and the chicken dance. Everyone was laughing and having so much fun.

This Retreat was really enjoyable because we got to take a day to relax, open up and have fun!
